1:00 - 3:30 p.m. and repeated again at 5:30 - 8:00 p.m.

John McIntire Library Auditorium, 220 5th Street, Zanesville

- The 2014 Farm Bill created program choices requiring land owners and producers to make several important decisions regarding their farms.
- The new legislation provides an opportunity to update program yields (formerly called base yields) and to reallocate program acres (base acres) to better reflect recent planting histories.
- Additionally, farmers can elect ARC-Individual, ARC-County, or PLC for their farm.
- These informational meetings will explain the basics of the program choices and introduce terminology used in the programs.
- Both meetings are identical.
- In case of bad weather, listen to local media for cancellations or postponements.

Pre-registration is not required
